

Kit List

For your child to have an enjoyable time at Wyld Thyngz we recommend the following kit:

- Child sized or small ruck sack, suitable lunch box and drinks bottle.
- Complete change of clothing that is relative to the weather and season.
- Water proof coat and trousers.
- Sun hat and labelled sun cream or winter hat and gloves.
- Slippers will be needed in the winter months to keep feet warm in the yurt.
- Good sturdy shoes or welly boots all year round.

Please make sure that all belongings are clearly labelled.

Layers of clothing make it easier to regulate your child's temperature.

The children will be walking to the site and will need to be able to carry their bags for themselves.

We strongly recommend that your child wears long sleeve tops and long trousers all year round to avoid stings and scratches.

If you have any questions, please do not hesitate to ask.
